

# Purcell Math

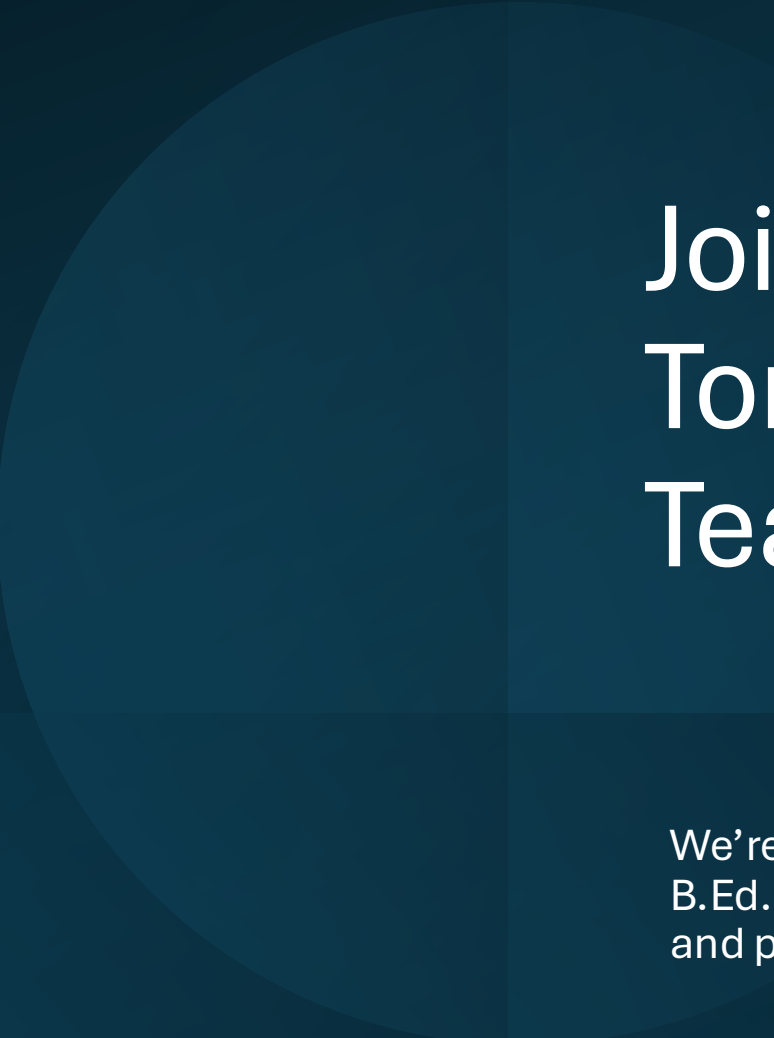

Proposal for Purcell Math Education Program

# Introduction

- **Overview:** Purcell Math is developing an innovative B.Ed. degree program in partnership with a university located in a warmer climate, aiming to streamline teacher training with a focus on mathematics education.
- **Objective:** Our goal is to provide students with essential educational foundations and advanced math teaching methodologies to prepare them for fulfilling careers as certified math educators.
- **Revenue Model:** Purcell Math will generate revenue through its online courses, offering specialized content developed by experienced math educators.

# Program Structure

- **Degree Offering:** Upon successful completion of all program requirements, students will be awarded a Bachelor of Education (B.Ed.) degree.
- **Flexible Learning Options:** The program combines online and in-person learning to accommodate students' locations and scheduling needs.
- **Comprehensive Support:** Purcell Math provides dedicated assistance for students, from academic coursework to arranging practical teaching experience in their local areas.

# Join Us in Building Tomorrow's Math Teachers

We're looking for partners and collaborators to support this innovative B.Ed. Program. Together, we can make a real difference in math education and prepare the next generation of educators to inspire their students.
